

About Us

Lemonade Stand Bootcamp, Inc. is a 501(c)(3) nonprofit that empowers youth and families through financial literacy, entrepreneurship, leadership, and personal growth. We provide hands-on education and resources that build confidence, develop life skills, and prepare participants to achieve financial independence and create lasting community impact.

Our Mission

Lemonade Stand Bootcamp, Inc. empowers youth and families through financial literacy, entrepreneurship, leadership development, and personal growth. Our mission is to equip individuals with the knowledge, skills, and confidence to build generational wealth, achieve economic independence, and become positive leaders who create lasting change in their families and communities.

We Are the Bootstraps

I really learned a lot about financial literacy, like setting up a high-yield savings account and learning how to budget my money. I definitely didn't know any of that before I started the class.

Where Economic Empowerment Begins

Our Programs

✓ The Know Thyself Program

A transformative program that empowers youth to overcome insecurity, build confidence, and improve mental well-being.

✓ T.A.P. (Triumphant Advancement in Prosperity) Program

Is a high-energy, three-hour workshop that empowers teens with practical financial literacy and entrepreneurship skills.

✓ CARTS (Community Advancement Resource Training Services)

is a STEM-based initiative that equips students with financial literacy, entrepreneurship, and real-world skills for academic and future success.

✓ Career Building Program

Equips youth with career readiness, workplace skills, and professional development to prepare them for college, careers, and lifelong success.

✓ LEADership Program

equips youth with leadership, communication, decision-making, and teamwork skills while building confidence, character, and the ability to create positive change in their communities.

✓ Adult Financial Literacy Program

is a three-hour monthly workshop that equips adults with practical skills in money management, investing, goal setting, and personal growth to build lasting financial success.

Our Approach

Play-Based Learning

Youth learn best when they have fun. Our classes are full of fun things that help our youth learn and grow.

Interactive Lessons

Each workshop is designed to foster participation. From open discussion to hands-on lessons, youth respond to our program.

Real-World Activities

Each program gives an opportunity for youth to experience real-world simulations that allow critical thinking and open discussion.

Digital Learning

We use technology to make learning better and help students gain important digital skills

STEAM Integration

Integrating science, technology, engineering, arts, and math (STEAM) enhances our programs by creating engaging, innovative learning experiences that prepare youth for future success.
